

In the Neighborhood

By Officer Kevin D. Barrington

According to the CDC, each year, more than 500,000 people in the US are treated in emergency departments, and more than 700 people die as a result of bicycle-related injuries. Children are at particularly high risk for bicycle-related injuries. In 2001, children 15 years and younger accounted for 59% of all bicycle-related injuries seen in US emergency departments. The first step of bicycle safety is knowing the Illinois laws for cyclists. Learn the laws at:

What Is The Plan For *Washington Park?*

Meet Your Aldermen

You hear about them in the news. They vote on ordinances and other city issues. They make the decisions that affect you and your neighborhood.

They are your Aldermen.

The HWSNA has received confirmation of attendance to our next meeting, April 23rd, from the following aldermen: Sam Cahnman, Debbie Cimarossa, Steve Dove, Frank Edwards, Mark Mahony, Kris Theilen.

Take advantage of this opportunity to voice your concerns and learn more about your city representatives. This is a great chance to get involved at the local level. Bring your questions.

Join us at the meeting to learn more!

Park Board prepares to implement changes.

The whirl of ideas and suggestions flying around during recent Park Board meetings finally subsided as members hammered out some solutions for traffic issues between automobiles, bicycles, and pedestrians.

At our April 23rd meeting, the HWSNA will have detailed drawings and explanations of the recent decisions that will soon become reality.

Some changes may include: speed limit adjustments, striping changes, traffic direction changes, and greater enforcement. Details will be available at the meeting.

Washington Park is a great resource and recreational area for us and our neighbors. The HWSNA will continue to work for this wonderful part of our historic area that we wish to preserve.

To alert the city of improper zoning usage call - **789-2171**

PRESERVE - PROTECT

The Historic West Side Neighborhood Association (HWSNA) was established in the late 1970's to fight zoning changes that altered the residential character of the neighborhood. In 1983, the HWSNA convinced the city council to "down zone" the entire area to an 'R-3,' single-family zoning classification to stem the increasing conversion of homes into commercial use and multi-family rental housing. Since then, the HWSNA has been a steady voice before the city council to maintain its residential character. In addition to our advocacy on zoning issues, the HWSNA maintains a 'house history' program to formally recognize notable houses. Our Historic Home Tour is one of many ways we work to keep our neighborhood beautiful, safe, and friendly.
